Live Music Experience Details

Have a once-in-a-lifetime performance opportunity and challenge your dancing on a new level!

Dancing to live music is like an exciting puzzle - even though you may know a song, each band adds their own twist to it and makes it a fun, playful experience. This tour package includes a performance with a live Egyptian band, and you can choose your favorite song or songs and perform it in front of an audience.

You have the choice to purchase professional video and photos from the experience, and each person has the choice to perform twice (or more depending on the number of participants), with or without a drum solo.

This is meant to be a fun, exciting experience, so remember to not take it too seriously too!
