DAY 4

Karnak, Valley of the Kings

We begin our day by visiting three famous tombs in the Valley of the Kings, a burial place for a period of nearly 500 years from the 16th to 11th century BC. Here tombs were constructed for the Pharaohs and powerful nobles. The admission ticket allows entry into three of the 63 tombs, but you can purchase an additional ticket for King Tutankhamen's tomb.

We will also visit Hatshepsut's Temple, where our guide will tell you about an interesting time in Egyptian history.

Our cruise will depart Luxor for Edfu.

DAY 5

Edfu temple and Kom Ombo

After breakfast, we will take a horse carriage ride to Edfu Temple. Edfu Temple is dedicated to the God Horus - considered one of the best-preserved temples in Egypt.

After our visit to Edfu, we will set sail for Kom Ombo. The afternoon will be free for our guests to enjoy the scenic Nile and the amenities on the cruise ship.

We will arrive in Kom Ombo before sunset and walk to this beautiful temple along the banks of the Nile. The setting sun makes the temple and its pillars glow in the afternoon sun, making it the best time to visit. We will also visit the Crocodile Museum and see some mummified crocodiles that were found at the temple.

We sail overnight to Aswan.

Aswan, the Temple of Philae, Kalabsha temple and the unfinished Obelisk

Our morning starts with a short trip on a felucca to the temple of Philae located on an island in Lake Nasser. This temple is dedicated to the Goddess Isis, and is a beautiful temple in picturesque surroundings.

We will return to the cruise ship for lunch, then visit the Temple of Kalabsha, a temple dedicated to Mandulis, a lower Nubian Sun God.

Our final stop will be visiting the Aswan quarry where you will find the Unfinished Obelisk. The Aswan quarry was used to quarry red, grey and black granite to construct ancient monuments and statues across Egypt. At this stop you can get up close and see the largest obelisk that was ever quarried - albeit unfinished as the obelisk cracked.

Overnight in Aswan.

Abu Simbel

We leave for iconic Abu Simbel at 4am, to join the convoy of tourist buses on the 300km journey south.

Abu Simbel has two temples - for Ramses II and his beautiful wife Nefertari. These two temples were originally carved out of the mountain side during the reign of Pharaoh Ramesses II in the 13th century BC, however, after the construction of the Aswan dam in the 1960s, the monument was moved to its current location. It is a lasting monument to Ramses II and his Queen Nefertari, to commemorate his victory at the Battle of Kadesh.

We will return to Aswan for lunch, before heading to the airport for our afternoon flight back to Cairo.

DAY 8

National Museum of Egyptian Civilisation and
Cairo Tower

We will have a little bit of a later start to our day, to give you the opportunity to rest after several days of early mornings!

After breakfast, we will visit the National Museum of Egyptian Civilisation. This museum was partially opened in February 2017 and seldom visited by tourists on other tours. It houses over 50,000 artefacts.

After lunch, we will visit Cairo Tower, offering the best panoramic view of Cairo! Located at Gezira Island (Zamalek), which is an affluent area originally inhabited by British colonies.

We will head back to Cairo for lunch, and the rest of the afternoon will be free for you to pack or rest before your trip home.
